The Kinross Extension & Acceleration (KEA) Program caters to the needs of talented and gifted students. Earning a position in the program is the key to your child excelling and engaging throughout Years 7 - 10. If your child earns a position in the program they will be grouped with like-minded students and taught a specialised program that will prepare them for Years 11, 12 and University.

The program provides students with...

**Extension** – exposing students to a higher level of content and concepts, offering students opportunities to expand their skills and knowledge.

**Acceleration** – through covering the curriculum at a faster rate and allowing time to investigate integrated activities and delve deeper into concepts.

---

**Benefits**

The Kinross Extension & Acceleration (KEA) Program caters to the needs of talented and gifted students. Earning a position in the program is the key to your child excelling and engaging throughout Years 7 - 10. If your child earns a position in the program they will be grouped with like-minded students and taught a specialised program that will prepare them for Years 11, 12 and University.

**The program provides students with...**

**Extension** – exposing students to a higher level of content and concepts, offering students opportunities to expand their skills and knowledge.

**Acceleration** – through covering the curriculum at a faster rate and allowing time to investigate integrated activities and delve deeper into concepts.

---

**Curriculum**

Your child has the opportunity to earn a position in the KEA class in one or both of:

- Humanities - English and Society & Environment
- Sciences - Maths & Science

Students will learn skills to problem solve, become effective planners and learners, improve study habits, work collaboratively and develop their ability to become more in-depth lateral thinkers.

The extra-curricular activities offered in the program include competitions at state, national and international level which may include:

- ‘University of NSW’ for Maths & Science
- Australian National Chemistry Quiz
- WA Junior Maths Olympiad
- Tournament of Minds
- Writing Competitions
- National Geographic Channel Australian Geography Competition
- National History Challenge

---

**What our students say ...**

- **Amber**: The challenging work environment pushes you to work at your best.
- **Cara**: It is challenging but fun how in-depth we go into subjects.
- **Vanessa**: I enjoy the community we have built over the past 3 years.
- **Monique**: There is a family feel when being in the same KEA class for years.
- **Jamie**: I like KEA because you are pushed beyond your boundaries and are surrounded by brilliant people and opportunities.
- **Aaron**: I like KEA because we are grouped with similar minded students.
- **Ethan**: It’s a great experience and the relationships that have been built along the way are awesome.
Inspiration • Ambition • Passion • Integrity
In order to sit the HAST test, (at Kinross College), your child will need to be enrolled, or in the enrolment process. Please contact our Enrolment Registrar for more advice.
